1100 G. Street, NW  
Suite 900  
Washington DC, 20005-3806  
Attention: Mr. Neil Gordon

Mr. Gordon,

Thank you for your letter of April 20, 2009 requesting feedback data pertaining to the information found in the Federal Contractor Misconduct Database (FCMD) pertaining to VSE Corporation.

The instance report in the FCMD stems from an on-site waste compliance inspection performed by the Virginia Department of Environmental Quality (VDEQ) that occurred on January 25, 2008 at our Ladysmith Virginia facility. During this inspection, VDEQ alleged several non-compliance findings with Virginia Waste Management Law and Regulations. Corporate VSE personnel met with VDEQ officials and agreed to take appropriate actions to ensure compliance with all appropriate regulations. On May 22, 2008, a Notice of Violation was issued to VSE by the VDEQ. Rather than challenge any of the findings, VSE Corporation signed a Consent Order to remediate all identified waste management issues identified during the inspection and agreed to pay a fine of \$17,400.

On April 7, 2009, VSE Corporation received a letter from the VDEQ (see attachment) informing the company the requirements of the 8/29/08 Consent Order had been fulfilled, and the Consent Order would be cancelled as of May 7, 2009.

Therefore, VSE respectfully requests the POGO office to remove the information from the FCMD as the non-compliance issue has been resolved and no further action is required of VSE.

A handwritten signature in black ink, appearing to read "Robert W. Rouzer".

Robert W. Rouzer
