IAP Worldwide Services
Attn: General Counsel's Office
7315 N. Atlantic Ave.
Cape Canaveral, FL 32920

Dear General Counsel of IAP Worldwide Services:

The Project On Government Oversight (POGO) is overhauling and renewing its Federal Contractor Misconduct Database (www.pogo.org/db/index.cfm), a compilation of information from public resources regarding government contractors, including IAP Worldwide Services. I have enclosed the findings relevant to IAP Worldwide Services and am requesting verification or refutation of the data from you by November 10, 2006.

Any response would be greatly appreciated, as the accuracy of this information is in the best interest of all parties. Out of fairness to IAP Worldwide Services, please be assured that any response received by POGO will be posted on the website along with the data.

Changes to the database include: the addition of more current instances, removal of Superfund cleanup costs, and removal of information that could not be verified with official documents. Additionally, pending cases will still be included, but this information will be kept separate from the resolved cases and will not be included in any totals.

If you have any questions, please contact Kevin Phelps at (202) 347-1122 or kevin@pogo.org. Thank you for your time and consideration.

Sincerely,

Scott Amey
General Counsel

Enclosure

Instances

No instances of misconduct have been included for IAP Worldwide Services.
