Attn: General Counsel's Office
3850 Three Mile Lane
McMinnville, OR 97128

Dear General Counsel of the Alliance Contractor Team:

The Project On Government Oversight (POGO) is overhauling and renewing its Federal Contractor Misconduct Database (www.pogo.org/db/index.cfm), a compilation of information from public resources regarding government contractors, including the Alliance Contractor Team. I have enclosed the findings relevant to the Alliance Contractor Team and am requesting verification or refutation of the data from you by November 30, 2006.

Any response would be greatly appreciated, as the accuracy of this information is in the best interest of all parties. Out of fairness to the Alliance Contractor Team, please be assured that any response received by POGO will be posted on the website along with the data.

Changes to the database include: the addition of more current instances, removal of Superfund cleanup costs, and removal of information that could not be verified with official documents. Additionally, pending cases will still be included, but this information will be kept separate from the resolved cases and will not be included in any totals.

If you have any questions, please contact me at (202) 347-1122. Thank you for your time and consideration.

Sincerely,

Scott Amey
General Counsel
